Vitality Of Life

Life is bursting with energy and verve, and it is our firm belief that good health is essential to enjoying life's rich experiences. To our patients and the community, we offer holistic care through three core areas: clinical services, hospital care and health supplements. We are not only dedicated to helping our patients recover from ailments; we want them to take charge of their own health.

For out of good health springs life & goodness. And such vitality of life is what we hope to offer to everyone through our proactive approach to health care.

Chairman's Message

Dear Shareholders

2003 has been a tumultuous year for Singapore and the region. It will also be remembered as one of the most eventful years for the Group. I am happy to announce that the Group has fared well despite the scourge of SARS and a weak economy.

Encouraging Growth

Raffles Medical Group ended the year on a high note with strong performances from key operating units - Raffles Hospital and Raffles Medical Clinics.

Boosted by increased admissions at Raffles Hospital and a rise in foreign patient volume, the Group experienced a healthy 12.6 per cent growth in revenue and a 78.9 per cent growth in net profit after tax and minority interests over the previous year.

Compared with 2002, the Group's revenue grew from \$88.0 million to \$99.1 million and net profit after tax increased from \$4.5 million to \$8.1 million.

Revenue at Raffles Hospital grew 10.0 per cent from \$36.9 million to \$40.5 million and profit before tax grew 79.7 per cent, from \$0.8 million to \$1.4 million.

Admissions for the whole year rose by 21.2 per cent over the previous year, with the 4th quarter chalking the highest increase.

The Raffles Medical network of clinics contributed positively to the Group's performance as patient numbers continue to grow. Revenue from the clinics grew 11.4 per cent from \$55.2 million to \$61.5 million and profits before tax rose 57.7 per cent from \$5.2 million to \$8.2 million.

While SARS affected the occupancy rate at Raffles Hospital, the Group's launch of Raffles Health, a new personal health unit, proved timely with our SARS Protect range of products and Raffles brand nutraceuticals meeting with enthusiastic response from corporate clients, patients and retailers.

Because we are a diversified healthcare business which includes a wide network of GP clinics, a hospital, diagnostic centre and a personal health unit, we were less vulnerable to the vagaries of the cyclical change in the economy and unforeseeable events like SARS and the Asian financial crisis.

Grace Under Pressure

2003 was also the year we handled two very high profile separation surgeries of conjoined twins. 29-year-old Iranian Twins Laleh and Ladan were separated but unfortunately did not survive. Conjoined Korean Twins Ji Hye and Sa Rang were successfully separated and are now well on the road to recovery and normal development.

We were much saddened by the loss of Laleh and Ladan. But the fact that our team of doctors and nurses had the courage and mental fortitude to carry out the separation surgery of the Korean Twins so soon after the earlier setback was a testimony to the indomitable Raffles spirit that we are so proud of.

People have questioned why we took on these surgeries. I can only say that unlike other businesses, we as healthcare professionals are obliged to share our skills, talents and experience for the benefit of our patients and the society at large. Helping the unfortunate and less privileged is indeed a core value of the Group. And as a Group of physicians, nurses and healthcare managers we must do our best to help whenever there is a chance that we can save lives or do something to improve the quality of life of our patients.

These two episodes also demonstrated the strength of the Group Practice model, where our multidisciplinary group of specialists worked together as a close-knit team to tackle complex surgeries as well as deliver integrated care seamlessly.

Rising to the Challenge

The Group's responsiveness shone through during the SARS outbreak of 2003. When SARS hit the region, we were not only quick to come up with our SARS Protect kits to help Singaporeans cope with the deadly virus, we recruited a team of about 300 staff to carry out SARS screening at the airports, as well as land and sea checkpoints.

As part of our ongoing community service, many of our doctors gave talks on the then relatively unknown disease to our corporate clients and our patients. Our team of doctors and nurses also helped our corporate clients develop contingency plans to ensure business continuity.

Our ability to respond speedily was again demonstrated when an influenza epidemic broke out in the United States and Europe in October last year. Against a backdrop of vaccine shortages, we secured tens of thousands of flu vaccines to administer to our patients.

A More Optimistic Outlook

We entered 2004 with a more comfortable margin of growth. The Government's initiatives to promote Singapore as the region's medical hub, as well as recent economic growth indicators pointing to a stronger economic recovery, all augur well for the Group.

With the Health Ministry planning to relax their guidelines on hospital advertising and with private hospitals geared to take a bigger role in capturing the foreign patients market, we can look forward to a positive year ahead.

A Vote of Thanks

I would like to thank my Board of Directors for their support and advice as we bring our diversified and integrated healthcare business to new heights.

I also want to recognise the contributions of all within the Raffles family – from our dynamic senior management team to our hardworking and dedicated team of family physicians, consultant specialists, nurses, technicians, healthcare managers and support staff.

Lastly, my heartfelt appreciation to all our patients and corporate clients for their unwavering support of our unique brand of medical care.

Growing Stronger

The phenomenon of Commercial Darwinism reminds us that with each threat and challenge, organisations and companies either become stronger or weaker.

Having weathered a difficult year and emerging unscathed, Raffles Medical Group has not just become stronger but will be a more potent healthcare force to be reckoned with in time to come.

Operations Review

GROWTH ALL AROUND

We achieved this through sterling performances from Raffles Hospital and our network of Raffles Medical clinics.

Our new personal health unit - Raffles Health, also contributed to the business while our network of clinics went into overdrive, servicing our ever-growing stable of corporate clients and administering flu vaccinations to Singaporeans by the thousands.

BREAKING NEW GROUNDS WITH RAFFLES HEALTH

Raffles Health, our new personal health unit, was launched in March 2003 to develop and market quality health supplements and medical diagnostic equipment.

This coincided with the SARS outbreak and our SARS Protect range of masks, thermometers, alcohol swabs and Vitamin C met with enthusiastic response from our corporate clients, patients and the public at large.

Raffles Health has already been launched in Brunei and we will be looking at making inroads into other Asian countries.

A hospital for all your healthcare needs

SARS - A KEY CHALLENGE FOR US

One of the key highlights of 2003 was undeniably SARS and its impact on our business.

SARS wreaked havoc on the healthcare industry as a whole as people steered clear of hospitals during the outbreak months of March, April and May 2003.

That did not stop the Group from playing an important role in the control of this new deadly virus. Our response was swift and intense.

... are not to be taken for granted. Which is why your health and wellbeing are so important to us.

A wide range of Raffles health supplements. Raffles Health launches SARS Protect range of products.

always ready, always keen

... to be at the forefront of battle against diseases and epidemics.

Complementing the public health authorities' efforts to combat SARS, we responded swiftly by putting up authoritative information on our website to educate our corporate clients and the community on SARS. Our doctors held regular health talks for our corporate clients on their premises, and health advisories were emailed to keep them up-to-date on the situation.

When Raffles Medical Group was awarded the tender to conduct SARS screening at checkpoints, we recruited and trained about 300 people in a span of three days and were soon doing SARS screening at Changi and Seletar Airports, Tuas and Woodlands land checkpoints, Woodlands train checkpoint, as well as Maritime Port Authority and Singapore Cruise Centre terminals.

We developed a training course to familiarise our screening officers with SARS and management of patients with fever. The training sessions included the proper handling and usage of medical equipment and thermal scanners, the use of various thermometers, and the proper handling and disposal of biohazardous materials.

We also sponsored 3,000 thermometers for the students of 19 special schools in Singapore.

With the restructured hospitals designated as SARS hospitals and the public sector facing a crisis of bed shortage, Raffles Hospital became the first private hospital to volunteer to accept patients from the public sector. A pilot project was eventually carried out in July when 10 patients from Singapore General Hospital were warded at Raffles Hospital for Total Knee Replacement Surgery.

Raffles Medical Group was duly recognised for its multiple contributions when, on National Day last year, we were awarded the Certificate of Commendation by the President of Singapore.

FOR THE FIRST TIME - FLU VACCINATION ON A LARGE SCALE When an influenza epidemic broke out in the United States and Europe in October, we administered flu vaccination to more than 30,000 Singaporeans, including 7,000 elderly residents and 3,000 staff at nursing homes. All Raffles staff also received flu vaccination to keep them infection free during the epidemic.

To cope with an imminent vaccine shortage, we worked with various suppliers to ensure that we had a steady stock of flu vaccines to serve the public. We also gave talks to corporate clients and published influenza-related news bulletins which were circulated to corporate clients via email.

TO OUR PATIENTS OUR BEST - NO MATTER WHAT

In early July 2003, our doctors led an international team of experts in an attempt to separate adult craniopagus twins Laleh and Ladan Bijani. The twins were separated on July 8 but unfortunately did not survive the operation.

This did not dampen the spirit of the medical team as our doctors and nurses put in an unwavering effort towards the separation of the Korean conjoined twins Ji Hye and Sa Rang and successfully separated them just two weeks after the demise of Laleh and Ladan.

In memory of these brave young ladies and their indomitable spirits, we have set up a new Laleh and Ladan Memorial Fund, run under the auspices of The Medical Foundation - to raise money for needy patients with neurological conditions.

GROUP PRACTICE MODEL - A DRAW FOR NEW SPECIALISTS

Raffles' unique Group Practice Model has proved to be a hit among doctors who believe in team-based care. In 2003, our women's and children's services received a boost when we saw two Consultant Paediatricians and a Consultant Obstetrician and Gynaecologist join us from the public sector. Raffles Denticare also found stewardship with the appointment of a new Clinical Director, who is an experienced Consultant Orthodontist.

DEVELOPING RAFFLES INTO AN INTERNATIONAL PATIENTS HUB

In October 2003, the Singapore government launched Singapore Medicine, an initiative spearheaded by the Economic Development Board (EDB), the Singapore Tourism Board (STB) and International Enterprise Singapore (IES) to promote Singapore as a medical hub.

With our newly formed international marketing team, Raffles is now ready to expand beyond our traditional markets of Malaysia and Indonesia, into the Middle East, China, Indo China and the Indian Subcontinent.

We have also beefed up our International Patients Centre with more Patient Relations Officers. They are certified as "Tourism Ambassadors",

enabling them to introduce Singapore as a tourist attraction to patients and their family members, in addition to seeing to their medical needs.

In January 2004, we opened up our new International Patients Lounge on the second storey of Raffles Hospital where foreign patients can have one-on-one discussions with our officers, plan their stay in Singapore and surf the medical internet.

... 1,000 miles away from home. With the kind of care we provide, you'll never walk alone.

Ji Hye and Sa Rang successfully separated. Newly opened International Patients Lounge

A TOTAL HEALTHCARE BUSINESS

Raffles Medical Group is now a complete integrated healthcare business that provides care seamlessly from the primary care level at our network of GP clinics, to tertiary care provided by our multidisciplinary team of specialists at Raffles Hospital.

With Raffles Health, we cater to people's wellness by ensuring that they take charge of their own health.

We are one step closer to achieving our mission of providing the best total healthcare to our patients and fulfilling our vision of becoming the leading lifelong partner for all our patients' health and wellness needs.

Corporate Governance

Corporate Governance Statement

The Directors and Management of Raffles Medical Group are committed to comply with the Code of Corporate Governance (Code) issued by the Corporate Governance Committee in March 2001 so as to ensure greater transparency and protection of shareholders' interests. This statement outlines the main corporate governance practices that were in place throughout the financial year. The Company has generally complied with the principles of the Code.

The Board's Conduct of its Affairs

RMG's Board of Directors (the Board) primary role is to protect and enhance long-term value of all RMG's shareholders. It sets the overall strategy for the Group and supervises senior management. To fulfil this role, the Board is responsible for the overall corporate governance of the Group including setting its strategic direction, establishing goals for management and monitoring the achievement of these goals.

The Board currently holds 4 scheduled meetings each year. In addition, the Directors meet to discuss strategy and hold extraordinary meetings at such other times as may be necessary to address any specific significant matters that may arise. We have disclosed the attendance of the Directors at Board Meetings and Board Committees, as well as the frequency of such meetings in the Report.

The Board has decided that certain matters must always be approved by the Board. These include:

- approval of quarterly results announcements;
- approval of the annual report and accounts;
- declaration of interim dividends and proposal of final dividends;
- convening of shareholders' meetings;
- approval of corporate strategy and direction of the Group;
- material acquisition or disposal;
- approval of transactions involving a conflict of interest for a substantial shareholder or a director or interested person transactions; and
- appointment of new directors

All other matters are delegated to Committees whose actions are reported to and monitored by the Board.

Training of Directors

All new Directors are given briefing sessions on the operations of all the key business and support units. Prior to their appointment, new directors are provided with relevant information on their duties as directors under Singapore law. Directors are also updated regularly on accounting and regulatory changes.

Directors may at any time request further explanation, briefing or informal discussion on any aspects of the company operations.

Board Composition and Balance

The names of the directors of the Company in office at the date of this Statement are set out below.

The Board has reviewed its composition and is satisfied that such composition is appropriate. The Board constantly examines its size with a view to determine the impact upon its effectiveness.

As at the date of this report, RMG's Board comprises five suitably qualified members:

| Name of Directors | Date of appointment | Nature of appointment | Prime function | Other functions | Academic and professional |
|---------------------------------------|---------------------|-------------------------------|-------------------|---|--|
| Dr Loo Choon Yong Age: 55 | 16/8/89 | Executive/Non Independent | Chairman | Chairman of Nomination & Compensation Committee and Member of Audit Committee | MBBS (S'pore), MCFP (S'pore), Dip. Cardiac Medicine (London), LLB (Hons) London, Barrister(Middle Temple) |
| Mr Tan Soo Nan Age: 56 | 28/07/00 | Non executive/ Independent | Member | Chairman of Audit Committee | Bachelor of Business Admin (Hons), Associate of The Chartered Institute of Bankers |
| | | | | | Chief Executive Officer of Singapore Pools (Pte) Ltd |
| Prof Lim Pin Age: 68 | 19/02/01 | Non executive/ Independent | Member | Member of Nomination & Compensation Committee | MBBChir (Cambridge), MA (Cambridge), MRCP (London), MD (Cambridge), FAM, FRCP (London), FRACP, FRCPE, FACP |
| | | | | | Professor of Medicine at NUS and Senior Consultant Endocrinologist at NUH |
| Asoc Prof Wee Beng Geok Age: 56 | 27/11/00 | Non executive/ Independent | Member | Member of Audit Committee and Nomination & Compensation Committee | Phd (Management Systems & Sciences) MBA Cranfield University (UK) |
| | | | | Committee | Associate Professor at Nanyang Business School, Nanyang Technological University |
| Dr David Lawrence Age: 64 | 25/07/97 | Non executive/ Independent | Member | - | BA degree (Amherst College), MD (University of Kentucky), MPH (University of Washington) |

Particulars of interests of directors who held office at the end of the financial year in shares, debentures, warrants and share options in the Company and in related corporations (other than wholly-owned subsidiaries) are set out in the Directors' Report.

Independent Members of the Board

Four of the 5 members of the Board are Independent Directors. They are: Dr David Lawrence, Mr Tan Soo Nan, Prof Lim Pin and Assoc Prof Wee Beng Geok. The criterion of independence is based on the definition given in the Code. The Board considers an "independent" director as one who has no relationship with the Company, its related companies or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgment.

As non-executive members of the Board, the Independent Directors, exercise no management functions in the Company or any of its subsidiaries. Although all the Directors have equal responsibility for the performance of the Group, the role of the non-executive directors is particularly important in ensuring that the strategies proposed by the executive management are fully discussed and rigorously examined and take account of the long-term interests, not only of the shareholders, but also of employees, customers, suppliers and the many communities in which the Group conducts business.

The Board considers its non-executive directors to be of sufficient calibre and number and their views to be of sufficient weight that no individual or small group can dominate the Board's decision-making processes. The non-executive directors have no financial or contractual interests in the Group other than by way of their fees, shareholdings and participation in the Group Stock Option as set out in the Directors' Report.

The Company's Articles of Association, require all directors to submit themselves for re-election at least once every three years at the Company's Annual General Meeting.

Chairman and Chief Executive Officer (Executive Chairman)

It is the view of the Board that it is in the best interests of the Group to adopt a single leadership structure ie where the CEO and Chairman of the Board is the same person, so as to ensure that the decision-making process of the Group would not be unnecessarily hindered.

The Executive Chairman is Dr Loo Choon Yong who is responsible for the day-to-day running of the Group as well as the exercise of control over the quality, quantity and timelines of information flow between management and the Board. He has played an instrumental role in developing the business of the Group and has also provided the Group with vision and strong leadership.

All major decisions by the Executive Chairman are reviewed by the Audit Committee. His performance and remuneration is reviewed periodically by the Nomination & Compensation Committee. Both the Audit and Nomination & Compensation Committees comprise mainly of Independent Directors of the Group. As such the Board believes that there are adequate safeguards in place against having a concentration of power and authority in a single individual.

Criteria for Board Membership

Board Members are selected for their character, judgment, business experience and acumen. Where a director has multiple board representations, the Nomination & Compensation Committee will evaluate whether or not a director is able to and has been adequately carrying out his or her duties as director of the Company. Final approval of a candidate is determined by the full Board.

In appointing directors, RMG Board considers the range of skills and experience required in the light of:

- the geographical spread and diversity of the Group's businesses;
- the strategic direction and progress of the Group;
- the current composition of the Board; and
- the need for independence

Board Performance

Informal reviews of the Board's collective performance are conducted periodically and on a regular basis by the Nomination and Compensation Committee, with inputs from the other Directors and the Executive Chairman. Such performance criteria includes comparisons with its industry peers. The Board considers that it would be more appropriate in the first phase of its appraisal process to focus on collective Board performance and defer individual assessment to a later stage.

The Board is also of the view that the financial indicators set out in the Code as guides for the evaluation of Directors are more of a measure of Management's performance and less applicable to Directors. The Board therefore believes that its performance should be judged on the basis of accountability as a whole, rather than strict definitive financial performance criteria.

Access of Information

Directors receive a regular supply of information from management about the Group so that they are equipped to play as full a part as possible in Board meetings. Detailed Board papers are prepared for each meeting of the Board. The Board papers include sufficient information from management on financial, business and corporate issues to enable the Directors to be properly briefed on issues to be considered at Board meetings.

All Directors have unrestricted access to the Company's records and information and receive detailed financial and operational reports from senior management during the year to enable them to carry out their duties. Directors also liaise with senior management as required, and may consult with other employees and seek additional information on request.

In addition, Directors have separate and independent access to the advice and services of the Company Secretary, who is responsible to the Board for ensuring the established procedures and relevant statutes and regulations are complied with. The Company Secretary attends all Board meetings.

Each director has the right to seek independent legal and other professional advice, at the Company's expense, concerning any aspect of the Group's operations or undertakings in order to fulfil their duties and responsibilities as directors.

Remuneration Matters

The Group's remuneration policy is to provide compensation packages at market rates which reward successful performance and attract, retain and motivate managers and directors.

The Nomination & Compensation Committee determines the remuneration packages for the Executive Chairman and senior management based on the performance of the Group and the individual. The Executive Chairman does not participate in meetings to discuss his compensation package. The performance of non-executive Directors is reviewed by the Executive Chairman on an ongoing basis.

Details of remuneration paid to the directors are set out below:

Key Executives' Remuneration

The Code requires the remuneration of at least the top 5 key executives who are not also directors to be disclosed within bands of S\$250,000. The Company believes that disclosure of the remuneration of individual executives who may also be clinicians is disadvantageous to its business interests, given the highly competitive industry conditions, where poaching of executives has become commonplace in a liberalised environment.

Accountability and Audit

In presenting the annual financial statements and quarterly announcement to shareholders, the Board aims to provide shareholders with a balanced and comprehensive assessment of the Group's position and prospects. Management currently provides the Board with appropriately detail and management accounts of the Group's performance, position and prospects on a quarterly basis.

Board Committees

To assist the Board in the execution of its duties, the Board has delegated specific functions to the following committees:

- (a) Nomination & Compensation Committee
- (b) Audit Committee

Nomination & Compensation Committee

This committee was established in July 2001 and comprises the Executive Chairman, Dr Loo Choon Yong and two independent directors – Prof Lim Pin and Associate Professor Wee Beng Geok. The Committee, in consultation with the Chairman is responsible for the implementation and administration of the Employee Share Option Scheme as well as reviewing the appointment and compensation of senior management staff. Members of the Committee who are eligible are not involved in deliberations in respect to any options to be granted to them. The Executive Chairman of the Group opted not to participate in the Employee Share Option Scheme. The Committee also reviewed the compensation of the Executive Chairman to ensure that he is appropriately rewarded, giving due regard to the financial and commercial health and business needs of the Group.

Audit Committee

The Audit Committee, chaired by Mr Tan Soo Nan, an Independent Director, meets periodically with the Group's external auditors and its senior management to review accounting, auditing and financial reporting matters so as to ensure that an effective control environment is maintained in the Group.

The Audit Committee also monitors proposed changes in accounting policies and discusses the accounting implications of major transactions. In addition, the Committee advises the Board regarding the adequacy of the Group's internal controls and the contents and presentation of its preliminary, interim and annual reports.

Specifically, the Audit Committee:

- reviews the audit plans and scope of audit examination of the external auditors;
- evaluates the overall effectiveness of the external audits through regular meetings with each group of auditors;
- determines that no restrictions are being placed by management upon the work of the external auditors;
- evaluates the adequacy of the internal control systems of the Group by reviewing written reports from the external auditors, and management's responses and actions to correct any deficiencies;
- evaluates adherence to the Group's administrative, operating and internal accounting controls;
- reviews the annual and interim financial statements and announcements to shareholders before submission to the Board for adoption
- reviews interested person transactions (as defined in Chapter 9 of the Listing Manual of the Singapore Exchange Securities Trading Limited ("SGX-ST") to ensure that they are on normal commercial terms and not prejudicial to the interests of the Company or its shareholders;
- discusses with the external auditors any suspected fraud or irregularity or failure of internal controls or suspected infringement of any Singapore or other applicable law, rule and regulation; and
- considers other matter as requested by the Board.

The Audit Committee is authorised to investigate any matter within its terms of reference, and has full access to management and also full discretion to invite any director or executive officer to attend its meetings, as well as reasonable resources to enable it to discharge its function properly.

Internal Controls

The Board acknowledges that it is responsible for the overall internal control framework. It recognises that no internal control system is foolproof as the system is designed to manage rather than eliminate the risk of failure to achieve business objectives. It can therefore provide only reasonable and not absolute assurance against material misstatement or loss. The Directors regularly review the effectiveness of all internal controls, including operational controls.

The Board assess risks and evaluates them as part of an integral part of the annual strategic planning cycle. Having identified the risks to achievement of their strategic objectives, each business unit in the Company is required to document the management and mitigating actions in place and proposed in respect of each significant risk.

Internal Audit

The Group set up an in-house internal audit function during the year. The internal audit unit will promote internal control in the Group and monitor the performance and application of internal procedures. The internal auditor is expected to meet or exceed the standards set by nationally or internationally recognised professional bodies including the Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

The internal audit unit will also assess the risks affecting the Group in its activities and in all its entities so that they can be identified, analysed and sufficiently hedged.

The Group's internal audit function has a formal charter approved by the Board in early 2004 which describes its purpose, authority and responsibility. It supports the Directors in assessing key internal controls through a structured review programme.

The internal auditor reports primarily to the Chairman of the Audit Committee, Mr Tan Soo Nan. The Audit Committee will ensure that the internal auditor has adequate resources and has appropriate standing within the Group. The Committee will assess the effectiveness of the internal auditor on an annual basis by examining:

- the scope of the internal auditors' work;
- the quality of their reports;
- their relationship with the external auditors; and
- their independence of the areas reviewed.

Communication with Shareholders

In line with continuous disclosure obligations of the Company, pursuant to the SGX-ST's Listing Rules and the Singapore Companies Act, the Board's policy is that RMG shareholders are informed of all major developments that impact the Group.

Information is communicated to shareholders on a timely basis. Where there is inadvertent disclosure made to a selected group, the Company will make the same disclosure publicly as soon as practicable. Communication is made through:

- annual reports that are prepared and issued to all shareholders. The Board makes every effort to ensure that the annual report includes all relevant information about the Group, including future developments and other disclosures required by the Companies Act and Singapore Statements of Accounting Standard.
- financial statements containing a summary of the financial information and affairs of the Group for the period;
- notices of and explanatory memoranda for annual general meetings and extraordinary general meetings;
- press and analyst briefings for the Group's quarterly and annual results as well as other briefings, as appropriate;

Communication with Shareholders (cont'd)\

- press releases on major developments of the Group;
- disclosures to the SGX-ST; and
- the Group's website at http://www.rafflesmedical.com at which shareholders can access information on the Group. The website provides, inter alia, corporate announcements, press releases, annual reports, and a profile of the Group.

In addition, shareholders are encouraged to attend the AGM to ensure a high level of accountability and to stay informed of the Group's strategy and goals. The AGM is the principal forum for dialogue with shareholders.

The notice of the AGM is despatched to shareholder, together with explanatory notes or a circular on items of special business, at least 14 working days before the meeting. The Board welcomes questions from shareholders who have an opportunity to raise issues either informally or formally before or at the AGM. The Chairmen of the Audit and the Nomination & Compensation Committees are normally available at the meeting to answer those questions relating to the work of these Committees.

Each item of special business included in the notice of the meeting is accompanied, where appropriate, by an explanation for the proposed resolution. Separate resolutions are proposed for substantially separate issues at the meeting.

The Company counts all proxy votes and the Chairman will inform shareholders of the level of the proxies lodged on each resolution. The votes for and against each resolution are given following the show of hands for that resolution.

Audit Committee

The members of the Audit Committee at the date of this report are as follows:-

Mr Tan Soo Nan (Chairman), non-executive director Dr Loo Choon Yong, executive director Assoc Prof Wee Beng Geok, non-executive director

The Audit Committee performs the functions specified by section 201B of the Act, and the Listing Manual and the Best Practices Guide of the Singapore Exchange.

Audit Committee (cont'd)

The Audit Committee held four meetings since the last directors' report. In performing its functions, the Audit Committee met with the Company's external auditors to discuss the scope of their work and the results of their examination and evaluation of the Company's internal accounting control system.

The Audit Committee also reviewed the following:-

- assistance provided by the Company's officers to the external auditors;
- financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- interested person transactions (as defined in Chapter 9 of the Listing Manual of the Singapore Exchange).

The Audit Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and discretion to invite any director or executive officer to attend its meetings.

The Audit Committee is satisfied with the independence and objectivity of the external auditors and has recommended to the Board of Directors that the auditors, KPMG, be nominated for re-appointment as auditors at the forthcoming Annual General Meeting of the Company.

Auditors

The auditors, KPMG, have indicated their willingness to accept re-appointment.

Auditors' Report

Report of the Auditors to the Members of Raffles Medical Group Ltd

We have audited the consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company for the year ended 31 December 2003 as set out on pages XX to XX. These financial statements are the responsibility of the Company's directors. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Singapore Standards on Auditing. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the directors, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion:-

- (a) the consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards to give a true and fair view of the state of affairs of the Group and of the Company as at 31 December 2003 and of the results, changes in equity and cash flows of the Group and of the changes in equity of the Company for the year ended on that date; and
- (b) the accounting and other records (excluding registers) required by the Act to be kept by the Company and by those subsidiaries incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

We have considered the financial statements and auditors' reports of all the subsidiaries of which we have not acted as auditors, that have been included in the consolidated financial statements of the Group. The names of these subsidiaries are stated in note 4 to the financial statements.

We are satisfied that the financial statements of the subsidiaries that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements of the Group and we have received satisfactory information and explanations as required by us for those purposes.

The auditors' reports on the financial statements of the subsidiaries were not subject to any qualification and in respect of subsidiaries incorporated in Singapore did not include any comment made under Section 207(3) of the Act.

Notes to the Financial Statements

Year ended 31 December 2003

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the directors on 28 February 2004.

1. Domicile and Activities

Raffles Medical Group Ltd (the Company) is incorporated in the Republic of Singapore and has its registered office at 585, North Bridge Road, Raffles Hospital #11-00, Singapore 188770.

The principal activities of the Company are those relating to the operation of medical clinics and other general medical services. The Company is the sole proprietor of the following:-

Changi Medical Services RafflesCare Raffles Airport Medical Centre Raffles Dental Surgery Raffles Healthcare Consultancy Raffles Health Screeners Raffles Hospital Raffles Labs Raffles Medihelp Raffles Optica Raffles Pharmacare Raffles Pharmacy

All transactions of these sole proprietorships are reflected in the financial statements of the Company. The principal activities of the subsidiaries are set out in Note 4 to the financial statements.

The immediate and ultimate holding company is Raffles Medical Holdings Pte Ltd, which is incorporated in Singapore.

The consolidated financial statements relate to the Company and its subsidiaries (referred to as the "Group") and the Group's interests in jointly controlled entities.

2. Summary of Significant Accounting Policies

(a) Basis of Preparation

The financial statements are prepared in accordance with Singapore Financial Reporting Standards (FRS) including related Interpretations promulgated by the Council on Corporate Disclosure and Governance.

The financial statements were previously prepared in accordance with Singapore Statements of Accounting Standard (SAS). The transition from SAS to FRS has no effect on the financial statements of the Company and the Group.

The historical cost basis is used except that certain leasehold properties are stated at valuation and certain investments in debt securities are stated at market value. Amounts are expressed in Singapore dollars, unless stated otherwise.

2. Summary of Significant Accounting Policies (cont'd)

(b) Measurement Currency

The measurement currency of the Company is the Singapore dollars. As sales and purchases are denominated primarily in Singapore dollars and receipts from operations are usually retained in Singapore dollars, the directors are of the opinion that the Singapore dollars reflects the economic substance of the underlying events and circumstances relevant to the Company.

(c) Basis of Consolidation

(i) Subsidiaries

Subsidiaries are those companies controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of a company so as to obtain benefits from its activities.

Investments in subsidiaries are stated in the Company's balance sheet at cost less impairment losses. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

(ii) Jointly Controlled Entities

Jointly controlled entities are those enterprises over whose activities the Group has joint control, established by contractual agreement.

Investments in jointly controlled entities are stated in the Company's balance sheet at cost, less impairment losses. In the Group's financial statements, they are accounted for by using the equity method of accounting.

(d) Foreign Currencies

(i) Foreign Currency Transactions

Monetary assets and liabilities in foreign currencies, except where these are hedged by forward exchange contracts, are translated into Singapore dollars at rates of exchange approximate to those ruling at the balance sheet date. Transactions in foreign currencies are translated at rates ruling on transaction dates. Translation differences are included in the profit and loss account, except:

- Where foreign currency loans provide an effective hedge against the net investment in foreign subsidiaries, exchange differences arising on the loans are recognised directly in equity until disposal of the investment.
- Where monetary items in substance form part of the Group's net investment in the foreign subsidiaries, exchange differences arising on such monetary items are recognised directly in equity until disposal of the investments.

(ii) Foreign Operations

The assets and liabilities of foreign operations are translated to Singapore dollars at the rates of exchange ruling at the balance sheet date. The results of foreign operations are translated at the average exchange rates for the year. Exchange differences arising on translation are recognised directly in equity.

2. Summary of Significant Accounting Policies (cont'd)

(e) Property, Plant and Equipment

(i) Owned Assets

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses except for those land and buildings which are stated at their revalued amounts. The revalued amount is the fair value determined on the basis of existing use at the date of revaluation less any subsequent accumulated depreciation.

(ii) Revaluation Reserve

Revaluations are performed by independent professional valuers with sufficient regularity to ensure that the carrying amount of these assets does not differ materially from that which would be determined using fair values at the balance sheet date.

Any increase on revaluation is credited to revaluation reserve unless it offsets a previous decrease in value recognised in the profit and loss account. A decrease in value is recognised in the profit and loss account where it exceeds the increase previously recognised in the revaluation reserve.

(iii) Disposal

Upon disposal, any related revaluation surplus is transferred from the revaluation reserve to accumulated profits and is not taken into account in arriving at the gain or loss on disposal.

(iv) Depreciation

Depreciation is provided on a straight-line basis so as to write off items of property, plant and equipment, and major components that are accounted for separately over their estimated useful lives as follows:-

| Leasehold properties | - | 50 years |
|------------------------|---|--|
| Medical equipment | - | 8-10 years |
| Furniture and fittings | - | 10 years |
| Office equipment | - | 10 years |
| Motor vehicles | - | 10 years |
| Computers | - | 3 years |
| Renovations | - | 6 years or over the remaining terms of relevant leases |
| Facilities equipment | - | 10 years |

(f) Intangible Assets

(i) Assignment Fees

Assignment fees relate to amounts paid to secure the tenancy of certain clinic premises. Assignment fees are stated at cost less accumulated amortisation and impairment losses. Assignment fees are amortised and recognised in the profit and loss account using a straight line method over its estimated useful life of 10 years.

(ii) Goodwill

Goodwill arising on acquisition represents the excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired. Goodwill is stated at cost less accumulated amortisation and impairment losses. In respect of jointly controlled entities, the carrying amount of goodwill is included in the carrying amount of the investment in the jointly controlled entities. Goodwill is amortised from the date of initial recognition over its estimated useful life of 20 years.

2. Summary of Significant Accounting Policies (cont'd)

(g) Inventories

Inventories, comprising mainly pharmaceutical and medical supplies, are stated at the lower of cost and net realisable value. Cost is determined by applying the first-in first-out basis.

(h) Cash and Cash Equivalents

Cash and cash equivalents comprise cash balances and bank deposits. For the purpose of the statement of cash flows, cash and cash equivalents are presented net of bank overdrafts which are repayable on demand and which form an integral part of the Group's cash management.

(i) Impairment

The carrying amounts of the Group's assets are reviewed at each balance sheet to determine whether there is any indication of impairment. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The impairment loss is charged to the profit and loss account.

(j) Employee Share Option

No compensation cost or obligation is recognised when share options are issued under employee incentive programmes. When options are exercised, equity is increased by the amount of the proceeds received.

(k) Deferred Income

Fees collected in advance under the Managed Care Program are deferred. Such fees are recognised as income in the Profit and Loss Account on a straight-line basis over the contract period.

(I) Liabilities and Interest-Bearing Borrowings

Trade and other payables and interest-bearing borrowings are recognised at cost.

(m) Deferred Tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Temporary differences are not recognised for goodwill not deductible for tax purposes and the initial recognition of assets or liabilities that affect neither accounting nor taxable profit. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

(n) Revenue Recognition

Service Revenue

Revenue is recognised upon the provision of healthcare and hospital services.

25. Earning Per Share

The basic earnings per share is based on consolidated profit after tax of \$8,060,000 (2002: \$4,506,000) and weighted average of 386,875,556 (2002: 386,619,999) shares.

When calculating the diluted earnings per share, the weighted average number of shares is adjusted for the effect of all dilutive potential shares. The adjusted weighted average number of shares is as follows:-

| | 2003 \$'000 | 2002 \$'000 |
|---|----------------|----------------|

26. Commitments

(a) Operating lease commitments

At 31 December 2003, the Group and the Company have commitments for future minimum lease payments under non-cancellable operating leases as follows:-

| | Group | | Comp | any |
|---------------------------------|----------------|----------------|----------------|----------------|
| | 2003 \$'000 | 2002 \$'000 | 2003 \$'000 | 2002 \$'000 |
| Payable:- | | | | |
| Within 1 year | 9,782 | 6,539 | 3,872 | 1,874 |
| After 1 year but within 5 years | 19,822 | 21,042 | 5,504 | 2,164 |

The leases typically run for an initial period of three to six years, with an option to renew the lease after that date. For renewed leases, the lease payments are determined based on the prevailing market rent at the point of renewal.

In addition, contingent rent payments are determined as a percentage of bed sales each month.

26. Commitments (cont'd)

(b) Sub-lease receivables

At 31 December 2003, the Group has future minimum sub-lease income under non-cancellable operating leases with terms more than one year as follows:

| | Group | |
|---------------------------------|----------------|----------------|
| | 2003 \$'000 | 2002 \$'000 |
| Receivable:- | | |
| Within 1 year | 1,006 | 955 |
| After 1 year but within 5 years | 413 | 579 |
| | 1,419 | 1,534 |

Contingent rental income consists of a turnover fee, calculated as the amount in excess of a certain threshold of the tenants monthly revenue.

(c) Proposed dividends

After the balance sheet date, the Directors proposed the following dividends. These dividends have not been provided for:-

| | 2003 \$'000 | 2002 \$'000 |
|--|----------------|----------------|
| Final and special dividends proposed of 1.5 cents and 1 cent (2002: 1 cent and 1 cent respectively) | | |
| respectively per share less tax at 20% (2002: 22%) | 7,747 | 6,031 |

27. Significant Related Parties Transactions

For the purpose of these financial statements, parties are considered to be related to the Group if the Group has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

During the year, there were no significant related party transactions carried out on terms agreed between the parties:-

| | Grou | р |
|--|----------------|----------------|
| | 2003 \$'000 | 2002 \$'000 |
| Rental expenses paid to a company in which | | |
| a director has a substantial interest | - | 95 |

28. Financial Instruments

(a) Financial risk management objectives and policies

The Group is exposed to credit risk, interest rate risk and foreign currency risk which arises in the normal course of the Group's business. The Group has risk management policies and guidelines which set out its overall business strategies, its tolerance for risk and its general risk management philosophy.

(b) Credit risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on customers requiring credit over the recommended limit set by management.

(c) Interest rate risk

The Group's exposure to interest rate risk relates primarily to bank facilities and commercial papers with financial institutions.

(d) Foreign currency risk

In respect of other monetary assets and liabilities held in currencies other than in Singapore dollars, the Group ensures that the net exposure to currency fluctuation is kept to an acceptable level.

(e) Fair value

Recognised financial instruments

The face value less any estimated credit adjustments for financial assets and liabilities with a maturity of less than one year (including trade and other receivables, cash and cash equivalents and trade and other payables, bank overdrafts, and interest bearing loans and borrowings) are assumed to approximate their fair values.

The market values of investment in commercial notes as disclosed in Note 9 represent their fair value.

It is not practical to estimate the fair values of unquoted investments because of a lack of quoted market prices and the difficulty of obtaining a reliable or similar financial instrument for any comparison or estimation to be made. Management believes that the carrying amounts recorded at balance sheet date reflect the corresponding fair value.

29. Contingent Liabilities (Secured)

As at 31 December 2003, the Company has given to banks guarantees (secured) amounting to \$46,827,000 (2002: \$43,905,000) in respect of credit facilities extended to its subsidiaries and a jointly controlled entity.

30. Change in Accounting Policies

For the financial year ended 31 December 2003, the operation of the medical laboratory and imaging centre previously reported under "Diagnostics" segment has been expanded. The new expanded segment is called "Hospital services".

The provision of specialised medical services and the operation of hospital previously reported as part of the "Healthcare" segment are now reported under the new "Hospital services" segment.

The change was made as the Board of Directors are of the view that it is a better reflection of the operations of the Group and more meaningful for users of the financial statements.

The comparative figures have been adjusted to take into account of the change.

31. Segment Reporting

Segment information is presented in respect of the Group's business and geographical segments. The primary format, business segments, is based on the Group's management and internal reporting structure.

Inter-segment pricing is determined on an arm's length basis.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Segment capital expenditure is the total cost incurred during the period to acquire segment assets that are expected to be used for more than one period.

Business Segments

The Group comprises the following main business segments:-

| Healthcare services | : | The operations of medical clinics and other general medicalservices; trading in pharmaceutical and nutriceutical products and diagnostic equipment; and provision of management and consultancy services. |
|---------------------|---|---|
| Hospital services | : | The provision of specialised medical services and operation of hospital and business of medical laboratory and imaging centre. |
| Investment holdings | | The investment in a jointly controlled entity and investment holding |

Investment holdings : The investment in a jointly controlled entity and investment holding.

In presenting information on the basis of geographical segments, segment revenue is based on the geographical location of the customers. Segment assets are based on the geographical location of the assets.
