Medical history

This section asks for health and medical details, past and present about yourself and each person named in section 6.

Please tick Yes or No to every question for every person. If you tick Yes to a question, please give full details in section 8.

If you do not provide us with full details we may terminate your cover or it may stop us from paying your claims and/or cause us to review the terms and conditions of your policy.

Failure to do so may also result in termination, rejection of claims and/or changes to the terms and conditions of your policy.

Whether you are changing your benefits, or a returning Bupa customer, you must complete the medical history section in full so that we have an up to date record of your health.

Choose your cover

Worldwide Medical Insurance:

This is our **core cover and automatically applies to all members** included on this application.

This cover gives you the reassurance of covering essential hospital treatment you may need, whether in an emergency or a planned visit. Surgery, cancer treatment and advanced imaging, whether received whilst staying in hospital or as a visiting patient, are also included.

	M	1	2	3	4
Worldwide Medical Plus For specialist treatment where you do not need to stay in hospital.					
Worldwide Medical Plus covers you for consultations with a doctor or specialist and medical treatments that do not require a hospital stay. These may include osteopathy or complementary therapies, for example. Some of these treatments or consultations may take place before or after a hospital stay, but many will be totally independent.					
Worldwide Medicines and Equipment For prescribed medicines and medical equipment.					
Often, treatment does not end when you leave the hospital or clinic or after you have seen a specialist. This option covers you for prescription medicines and the rental of medical appliances, such as oxygen supplies or wheelchairs. Our unique benefit for long-term prescriptions will also pay for any medicine required to manage chronic conditions such as asthma.					
Worldwide Wellbeing For a range of health screenings, vaccinations, dental and optical treatment.					
Our Wellbeing option is designed to help you protect and maintain your health. It covers medical screenings that can provide valuable early detection of conditions such as cancer. It covers dental and optical treatments, which can play an important role in keeping you healthy by identifying underlying problems such as mouth cancer or diabetes.					
Worldwide Evacuation For when you can't get the treatment you need in a local hospital.					
The Worldwide Evacuation option covers you for reasonable transport costs to the nearest appropriate place of treatment, when the treatment you need is not available nearby. Repatriation, which is also included, gives you the added option of returning to your home country or specified country of nationality, to be treated in familiar surroundings.					
Cover for pre-existing conditions					
If you have a pre-existing medical condition, this option could provide you with the opportunity to be covered for it. If you would like to find out if we can cover you and to obtain a quote, please tick here. If your plan includes cover for pre-existing conditions, this cover does not apply in the U.S.					
U.S. Cover					
We understand that many people do not need medical insurance for the U.S., so you can choose whether you want to include it. Unfortunately, we cannot offer Bupa Global Worldwide Health Options to anyone who is normally resident in the U.S. This cover will increase your premium.
